Institutional Strategies to Improve Student Success

Early Alerts

Cohort Advising

- Increases interaction with faculty mentor and prepares students for short and long-term academic planning and process of vocational discernment. Introduces students to academic resources available on campus. Requires careful faculty training and support.

Purpose and Place course

- Taught by Academic, Enrollment and Student Affairs professionals to assist students learn how to build upon their strengths, unique gifts, talents, and potential; be equipped to access campus and community resources; define and display cultural competence; be able to articulate the JCU mission Jesuit heritage.

CARE team

- Cross campus working group to identify and intercede with distressed students.

Enrollment Status Review Committee

- Dialogue between academic and financial stakeholders on campus to make informed exceptions to withdrawal policies

Collaborative Dismissal meetings

- Academic, social and financial assessment of student success

Faculty/Staff Workshops

- Unifies entire campus to identify policy, process and resources available to assist students.

Employ Technology

- Simplify cross-campus communication and break down information silos; gain a holistic picture of the student.
